

To Whom it may Concern:

My daughter, Desiree Holbek, has called me on many occasions asking me to forgive her because the government didn't keep their end of the bargain. She said she knew she went too far with all the horrible things she said regarding Tony and me, and that there was nothing she could do about it nor could she get out of what she had already done.

She stated in the last year, in many different phone conversations, how she wanted to keep me out of this - knowing that the FBI threatened - at gun point to take my life and Tony's. Therefore, she thought that by helping to bring down Tony, it would spare me, her mother, her brothers, and sister.

Now, as stated before, she has begged for forgiveness because she didn't realize they were lying to her.

Desiree didn't leave the church because of any physical or sexual abuse, she left because she knew I was coming through town and she didn't want to be confronted about her disobedience and unbelief.

I am sickened by the government using, and I mean using my daughter, making deals with her. They are destroying what is left of her. She is frail and weak minded and they are playing on that.
