

Sir,

Much has happened since I left the ministry. My heart wishes I could have told you this sooner but with all that has happened I did not know the safest way. Shortly after I left the church I was put into jail for warrants I've had from years ago. Within a week of me contacting the church and requesting the gospel literature and Bibles I was visited by two F.B.I. agents. They were interested in my involvement with the church and stated that they knew I had been in contact with the church recently. They told me that you were under investigation and that my testimony would be very useful. These two agents went on as far as to offer to "intercede" in my legal matters pending my full cooperation. Sir, they were not even concerned with any statement of my own, they had their own statement I was to go along with. They also informed me that the cover story would be that I was a planted Federal agent to validate my testimony and that it would be in my best interest to testify. So I did. I gave them my testimony and they were not happy because I spoke of the Glory of God and His Salvation! Because I refused to help them they searched the entire cell block and confiscated all the literature and Bibles you sent in to us and said that anyone caught with it would face additional charges. I was threatened and told to

have no further contact with the church or its members, I was then placed into solitary confinement with the charge of attempting to incite a riot. This happened in August 2008, since that day I have not heard from them. I have also not stopped praying for the Lord to strengthen you and the brethren. Great is your reward in Heaven.

For His Glory,
